¹ The Court's Order dated May 2, 2022, that referred this matter to U.S. Magistrate Judge Marilyn Heffley specifically states, "The placement of this matter into civil suspense does not prejudice the rights of the parties to this litigation, affect any of the deadlines in this case, or otherwise operate as a stay of these proceedings. The court shall restore the case to the active docket when the action is in a status where the court may address the Report and Recommendation and, if timely filed, any Objections thereto." (Order, ECF No. 15.)

The Report and Recommendation was filed on July 1, 2022. To date, no Objections appear on the docket despite the fact that more than fourteen days have expired since the Report and Recommendation was filed and notice was sent. (ECF No. 17.)
